Regional Assignments 2010 – Div C

All Teams must register with the appropriate Regional Director their chosen events two weeks before the Regional Competition. You must attend the Regional Tournament in your assigned Region. The results at your assigned Regional will be used to determine State Qualifiers. If you choose to attend a second, or third Regional, you must register with that Regional Director. If you are unable to attend your assigned Regional, you may petition the WSO Director of Events for a possible change of Regionals.

Teams will be assigned to a Regional based on geography and to balance the load between the five Regionals. Therefore, reassigning Teams will be very unlikely.
